

# WANT TO JOIN A RESEARCH STUDY ON HEART HEALTH?

## This study may be for you!

Oregon Health and Science University and Bay Area First Step are looking for adult participants who have used methamphetamine in the past month and who are interested in participating in heart health research.

The study will take place over 6 months.

All participants will be asked to complete three surveys over 6 months - online, by phone, or in person.

If you are interested in participating or learning more, please contact:

Shanna: 541-256-4635

or

Tabby: 541-400-1625

You may be eligible if you:

- are at least 18 years old
- have used methamphetamine in the past 30 days
- have not been diagnosed with heart failure in the past
